TOWN WARRANT.

[L. S.] STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Derry qualified to vote in town affairs :

You are hereby notified to meet at the Town House in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects :

ARTICLE I. To choose all necessary town officers for the year ensuing.

ARTICLE II. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, for the maintenance of the poor, for the laying out and repairing of highways, and building and repairing bridges, and for other necessary charges arising in said town.

ARTICLE III. To see what action the town will take relative to renewing their contract with the Derry Electric Light Company for lighting the streets in said town.

ARTICLE IV. To see if the town will vote to locate a hydrant on Oak street, between the residence of Frank J. Morse and the new school house.

ARTICLE V. To see if the town will vote to contract with the Derry Water Works Co. to move the northerly hydrant on Maple street about 300 feet northerly to a point near land of the Derryfield Building Association on said street.

ARTICLE VI. To see if the town will vote to locate a hydrant near the house of Fanny Carlton.

ARTICLE VII. To see what sum of money the town will vote to raise and appropriate to the purchase of books for the Taylor library.

ARTICLE VIII. To see what sum of money the town will vote to raise and apppoint for the use of Upton Post No. 45, Department of New Hampshire, Grand Army of the Republic, to defray the expenses of Memorial day.

ARTICLE IX. To hear the reports of agents, auditors, or committees heretofore chosen, and to pass any vote relating thereto.

ARTICLE X. To see what sum the town will vote to raise and appropriate for Independence day.

Given under our hands and seal at said Derry this twentieth day of February A. D. 1897.

ADALINE A. REYNOLDS.

February 17th, 1897.

REPORT OF THE BOARD OF HEALTH.

TO THE SELECTMEN.

GENTLEMEN :—In the early part of the summer, about tweney persons petitioned the Board of Health, consisting at that timè of John F. Low, John W. Moore and Dr. Walter R. Sanders, to abate the nuisance in Abbott's Brook, caused by the flowing of sewage into it from C. H. Abbott's premises, Abbott's Block, and from such other places near his premises as he had permitted to do so.

The Board saw Mr. Abbott, June 22; told him that there was complaint; asked him to stop flowing sewage into the brook. He promised to stop and asked how he could dispose of it. The Board advised him to construct a large cistern to receive it, and when it became full to pump it out and carry it away. During the week, further complaint was made, and on the 27th of June, the Board asked him again to stop the nuisance. Again he promised to comply. Again he failed. A petition containing eighty names was brought to the Board of Health. About the sixth of July, the Board served a notice on him, ordering him to stop within five days. He was at that time either constructing, or about to construct a settling tank and filter near the Abbott Brook. This arrangement was so constructed that during dry weather, the sewage would pass through both tank and filter; but during wet weather, the high water would sweep most all of it by the tank and filter down the brook just as it had flowed originally.

Because Mr. Abbott and Mr. Shepard earnestly solicited delay until they could complete their plan and promised it would effectually remove all cause of trouble, naming as proof of their sincerity that they were expending large sums of money in their efforts to remove the trouble, the Board deferred action. Meanwhile complaints continued to come to the Board.

After the settling tank and filter were constructed, before the tiling had been laid, a small dam was made across the brook to turn the sewage into the tank. A rain storm washed the dam away, and for several days of fair weather all the sewage flowed on without hindrance. This was about the last of July. July 29th a second notice was served on Mr. Abbott, ordering him again to stop the nuisance. But he urged that the system was not completed; the tiling was not laid; when it was finished there would be no trouble. The washing away of the dam was unknown to him.

About the middle of August their plan for taking care of the sewage was completed. It was a failure. Not more than one-fourth part of the sewage was retained under the most favorable circumstances. Then the Board asked Mr. Abbott, through counsel, whether he meant to comply with orders. This brought an earnest appeal to see whether a company could be formed to construct a sewer. The Board agreed to wait a few days to see whether such could be accomplished, and assisted in the undertaking. This failed. Sept. 2, the Board served a third notice on Mr. Abbott to stop flowing all sewage down the brook. He informed the Board that he had ordered Hotel Bradford, L. H. & F. S. Pillsbury and the Spring Company, all of whom were paying him for the privilege of flowing sewage into the brook, to stop flowing sewage onto his premises, as it would not be cared for longer by him. He also sent a similar notice to the Boston & Maine R. R.

corporation, though they had not been flowing sewage across his land for more than a year. Mr. Abbott also informed the Board that the water closets in the Abbott & Shepard block were closed. The health officers visited the premises. A board bearing the word "Closed" was fastened to the casing over the door of a water closet, but the door of the closet was not fastened. Prosecution followed, the case being heard before the Police Court. Judgment was found against the defendants, and a fine of one dollar and costs imposed, from which an appeal was taken.

The Board petitioned the Supreme Court for an injunction restraining Abbott and Shepard from continuing the nuisance, and from further endangering the public water supply, which had become contaminated as early as the middle of August. Notice of the petition was served on them Oct. 3. The case was heard before Judge Pike, Jan. 2 and 9, and his decision is now pending.

Eighteen cases of measles have been reported. There have been three cases of scarlet fever, none of them fatal.

Nine cases of typhoid fever occurred during the fall and early part of the winter. Three cases were fatal. The cause of six of these cases was traceable to the contamination of the public water. The cause of three was unknown.

It is well established that polluted drinking water is the most prolific source of typhoid fever. The sanitary history of our town accords with what has been many times experienced. Prior to the introduction of the public water, twenty or more cases of typhoid fever were annual visitors. After the water was introduced, the cases of this fever diminished, as if by magic; nor have any considerable number of cases occurred since then before last fall.

Chemical analysis and bacterial examination of the public water demonstrated that it was contaminated with sewage. A

bacterium was found in it, which so closely resembled the bacterium coli communis, whose original habitat is in the intestines of men and other animals, that it was impossible to distinguish the former from the latter.

A bacterium was isolated from the faecal discharges of a typhoid fever patient, and critical comparisons made with the bacterium found in the water; one appeared to be the same as the other. The coli communis bacterium in large numbers always accompanies the bacterium typhosis abdominalis. For this cause, authorities unite in condemning drinking water in which it occurs. This same bacterium which was found in the public water was found also in Horne's Brook, and in the Abbott Brook in large numbers.

The public water is receiving the influence of sewage and that sewage is grasping the water takers by the throat. The care and efforts of the officers, whom you appointed to guard the sanitary welfare of the town, have been set at naught by certain persons who have acted a disposition to do just as they pleased to accommodate themselves, regardless of the public welfare. The appeal of scores of citizens, who have suffered the stench and dangers arising from the sewage flowing down the Abbott brook, has been disregarded.

Unless the sanitary laws are obeyed better, the town will have no further need of health officers.

Respectfully submitted.

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE, ROCKINGHAM SS.

*To the inhabitants of the School District of the Town of Derry
qualified to vote in district affairs :*

You are hereby notified to meet at the town house in said district on the thirteenth day of March, 1897, at two of the clock in the afternoon, to act upon the following subjects :

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.
5. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
6. To see what sum of money the district will vote to raise and appropriate to complete repairs on the old school house in Dist. No. 11.
7. To see if the district will vote to raise and appropriate the sum of five hundred and sixty dollars for the purpose of paying the notes and accrued interest thereon which were incurred on account of the new school house at the Depot.

8. To see what sum of money the district will vote to raise and appropriate to renew the insurance on school houses in the district.

9. To see what sum of money the district will vote to raise for the support of schools in addition to the sum required by law.

Given under our hands at said Derry, this twenty-fifth day of February, A. D. 1897.

GEO. I. CHOATE, } *School Board*
H. O. HILL, } *of Derry.*

This certifies that I have this day examined the foregoing account, and find the same correctly cast, and satisfactory vouchers for the several items paid.

LEWIS W. BIN, *Auditor.*

DERRY, N. H., Feb. 18, 1897.

In connection with the foregoing, the School Board feel gratified in reporting not only an increased number of weeks schooling, but as a whole a successful school service throughout the year.

Teachers of ability have been employed, who have labored diligently with a view to success; yet, in some instances, from the desire of a few to control rather than be governed, the discipline, and consequently the progress, of these schools has been somewhat impaired. While this is to be seriously regretted, we take pleasure in the announcement that this evil has subsequently been effectually overcome by teachers of successful experience, and that these schools again rank among the more progressive in town.

During the year, our schools have several times been interrupted, and the Board for a time embarrassed by the resignation of some of our more prominent teachers by reason of "louder calls," yet, in supplying the existing vacancies, we feel that we have been peculiarly fortunate, and that the former standard of our schools has been fully maintained, more especially so during the winter term when a good degree of harmony has been apparent among teachers and pupils.

Among the encouraging features noticeable in our schools the past year has been the increased attention given, and improvement made in reading, spelling and writing. Our school-rooms, too, have been more tidily kept and have presented a more inviting appearance.

Your committee also take pleasure in stating to the members of the district that in a few of our schools some little attention has been given to vocal music; and we venture to express the wish that in the future all our schools may receive encouragement in this direction. It is a recreation exercise, is both healthful and will detract but little, if any, from the ordinary studies; and, a few moments given daily in this line will enable many to mingle their voices in the home circle, in our social gatherings and in our Sabbath schools, who otherwise would be deprived of this important privilege.

We have had thirty-four weeks of school the past year, at an expense of \$128 per week, which seem a commendable provision for the cause of education; and yet truancy to a large extent has been noticeable during the winter term. The truant officer in the discharge of his official duties, is rendered powerless from the fact that these scholars have attended school twelve weeks, and consequently have complied with the requirements of our school laws. This is a matter which concerns, and is of interest to each member of the district, and we hereby appeal to their candid consideration, if some method cannot be devised whereby this growing evil may be averted.

Our school buildings are insured for \$8,000. This insurance will expire during the present year. A renewal for the same amount for three years will call for an expenditure of \$160.

The balance of debt on the new school house at Derry Depot village is \$560.

It is with pleasure that we refer to the generous bequest of the late James D. Alexander, by whose will the sum of \$3,000 is left as a fund to the town of Derry, the income of which is to be expended for the support of schools.

It is not expected, however, that the income from the above will be available for school purposes during the present year.

In accordance with the vote of the district, the old school house in district No. 11 has been repaired and fitted with a system of heating and ventilation.

The repairs include excavation and stone work in the basement, painting the interior, and blinds and sash, a large stack in place of the two small chimneys removed, and placing two large furnaces in the basement, with the arrangement for heating and ventilating the school rooms and hall.

The total expense of the above was \$1,026.20, the excess of \$26.20 over the appropriation of \$1,000, being paid from allowance for general repairs.

We would respectfully recommend that an appropriation should be made at the annual school meeting to provide for new front doors and front steps, and for painting the exterior of the school house, the expense being variously estimated at from \$150 to \$200.

With these arrangements completed the school houses in district No. 11 would seem to be well equipped for several years to come.

Respectfully submitted,

GEO. I. CHOATE,	} <i>School Board</i>
H. O. HILL,	
	<i>of Derry.</i>
